O R D E R

On March 11, 1986, Lyon County Water District ("Lyon County") filed its Motion to Reopen Case No. 9120, wherein it had sought Commission approval for certain construction and extensions of its existing municipal water distribution system, issuance of certain securities, and proposed rates.

The Commission entered an Order on November 11, 1985, to dismiss that case without prejudice because Lyon County had not submitted, and could not submit, sufficient documentation to support its case within the statutory 10-month time frame allowed the Commission to decide rate cases. The Commission did allow Lyon County to refile when it met the necessary FmHA filing requirements to advertise for bids on proposed construction projects.

The Commission FINDS that Lyon County has received authorization from FmHA to advertise and that its Motion should be allowed except that instead of reopening Case No. 9120, a new case should be established and the entire record of Case 9120 should be incorporated therein by reference.

IT IS THEREFORE ORDERED that Lyon County's Motion filed on March 11, 1986, be and it hereby is accepted for filing and that this case should be established to consider the merits of the proposal.

IT IS FURTHER ORDERED that the entire record in Case No. 9120 be and it hereby is incorporated herein by reference.

Done at Frankfort, Kentucky, this 18th day of March, 1986.
